The Principal is a Student Protection Contact at the school. The other Student Protection Contact is a staff member at the school. The role of the Student Protection Contact is to receive complaints and allegations from staff and students and to make or assist staff to

make all reports as outlined in BCE's Student Protection Processes. The identity of the Star of the Sea Catholic Primary School Student Protection Contacts is made known to staff, students, volunteers and parents through the school website, school newsletters, posters in the school and/or parent information nights.

Information about the Student Protection Contacts and requirements for their appointment is detailed within the Student Protection Processes.

Student Protection Officers

BCE has a Student Protection Team and Student Protection Officers working in this team are experts in the field of child protection. They all hold a degree in human services (generally social work) and have significant experience working in child protection.

Student Protection Officers assist our school-based employees in assessing sexual abuse and likely sexual abuse and harm caused or at a risk of being caused to students by sexual abuse, physical abuse, emotional abuse or neglect. - if the alleged breach relates to a report of inappropriate behaviour of a staff member to a student, this will be managed in accordance with the process set out in the Student Protection Processes;
- if the breach relates to a complaint made via the Record of Complaint about Non-Compliance with BCE's Student Protection Processes, that complaint will be dealt with in accordance with the Procedure for Handling Complaints about Non-Compliance with BCE's Student Protection Processes;

The actions or inactions which will constitute a breach of individual elements of the Strategy are detailed in the Code of Conduct and the Student Protection Processes. Details regarding

management of any breach, including who manages the breach, are contained in the procedures mentioned above. All records are kept confidentially in BCE business information systems.

A risk management plan for high risk activities and special events *(mandatory requirement 7)*

Risk Management Tools

Star of the Sea Catholic Primary School considers all curriculum activities in terms of their inherent level of risk. When undertaking a medium or high-risk activity or special event, our school is responsible for identifying potential risks and considering the safety and wellbeing of students and the risk of harm to students.

Star of the Sea Catholic Primary School develops and implements an effective risk management plan to remove or minimise the risk of harm to students. The plan includes risk assessments and risk mitigation which are carried out for all medium or higher risk activities undertaken within the school and all activities undertaken outside of the school. Star of the Sea Catholic Primary School refers to information in relation to risk assessments for various activities and risk assessment tools provided on BCE's Health and Safety Portal on the BCE Intranet.

The Health and Safety Team at BCE provides support to our school, if requested, to help us carry out risk assessments and develop and implement a risk management plan. In addition, a dedicated Workplace Health and Safety Officer ("WHSO") is employed at Star of the Sea Catholic Primary School (who is required to complete a Certificate 4 in Workplace Health and Safety within 12 months of commencing the role). The WHSO's role is to co-ordinate risk assessments at our school and support the Principal in carrying out the health and safety responsibilities under legislation. BCE provides training and updates to the WHSO.

BCE has developed a Contractor Induction Manual to give contractors information on BCE's Workplace Health and Safety Contractor Management System at BCE schools, so that contractors working at Star of the Sea Catholic Primary School play their role in maintaining a safe environment for students.

Risk Management for Excursions and Fetes

The Principal is responsible for approving all excursions. The Principal has reference to BCE forms and fact sheets to assist in identifying, assessing and managing risks associated with excursions, for example, the BCE OH & S Fact Sheet: Excursions, OH & S Standard - Risk Management Form and the Risk Assessment Template Form. The Principal completes the Risk Assessment Template Form prior to each excursion. This form specifies that in carrying out a risk assessment, student protection risks must be assessed and managed.

In developing a high-risk strategy/plan [insert school name] takes the following into consideration.

- Establishes the context of the activity or event including:
 - the nature of the activity and your objectives in conducting it
 - the environment or location of the activity
 - the stakeholders involved in the activity including children and young people

- identify the specific risks and identify the control measures that are already in place and whether additional controls are required.

The Principal may utilise BCE's International Travel Procedures to assist in planning for the safety of students participating in international travel.

Students undertaking IDT and hospitality undertake online safety training to assist teachers to ensure that students receive consistent safety training for the use of high-risk equipment in these curriculum areas.

The Principal completes the BCE Fete Safety Planning Checklist prior to a fete taking place. This Fete Safety Planning Checklist assists the Principal in managing the health and safety risks of conducting a fete. The Principal accesses links to relevant information provided on BCE's Health and Safety Portal, to assist in the risk assessment and management process, including the Fireworks Checklist, Amusement Devices Checklist, Contractors Workplace Health and Safety Agreement and information on the hygienic handling of food. A Contractor Agreement – School Fete has been implemented which among other things warrants that all the contractors personnel and approved subcontractors who interact with children and young people at the Fete hold a current Blue Card and it has no knowledge or reason to believe that any of its personnel or approved subcontractors may have acted inappropriately towards children or young people.

Other Strategies to Minimise Risks of Harm

Star of the Sea Catholic Primary School takes seriously its commitment in relation to the safety and protection of students. BCE has developed policies and procedures to manage risks of harm to students, which our school complies with, for example:

Star of the Sea Catholic Primary School has 4 identified play areas with a teacher on duty in each area. The four areas are:

- Junior Oval
- Junior Playground

All visitors must report to the School Office upon arrival where they will be digitally signed-in. The staff member they are visiting will be contacted by phone and informed of the visitor’s arrival. Upon leaving, all visitors must report to the School Office and sign-out.

Media/Communications strategies – Star of the Sea Catholic Primary School obtains the permission of parents (using the Consent Form, All Forms of Media and Communications) for the use of student photographs and names in any materials issued to the public in printed or electronic form. Identifying information of students is not used in promotional material without the specific permission of the parents and the students concerned. Star of the Sea Catholic Primary School obtains the specific informed consent of parents for any publication of names and photos of students in the media outside the local school.

Computer/Internet - All employees and students at Star of the Sea Catholic Primary School are required to observe the Brisbane Catholic Education Email, Internet and Intranet Acceptable Use Statement. Guidance Counselling Service – The Guidance Counsellor at our school must obtain Informed Consent from a parent and/or student for participation in any guidance counselling services offered.

Transport of students by staff - Transport by staff will require the prior approval of the principal and the written permission of the parents. Principal approval will necessitate risk management involving, for example, an assessment of driver capability, confirmation of current driver's licence, insurance, road worthiness of vehicle, distance involved, any conflict with formal supervisory role for the teacher, gender mix and number of people travelling etc. This list is not exhaustive just indicative. Depending upon the proposed journey there may be other contextual factors to take into account. Transport in emergency circumstances may be acceptable, however, an attempt should be made to obtain the verbal consent of the principal and/or parent.

Transport of Students by Students - BCE requires BCE schools with secondary students to develop a policy regarding student motor vehicle drivers and passengers. Star of the Sea Catholic Primary School observes the following BCE regulations and guidelines.

Regulations

1. *Legally a school is not responsible for students whose parents allow them to drive to school or to be passengers in cars driven by other students.*
2. *If the students are of an age which allows them to travel unsupervised, by public transport, to sport, it is permissible with parent permission and subject to school policy for them to drive their own cars to sporting venues during school hours.*
3. *Each school determines whether students may transport other students to school activities. Any such policy should be implemented only with parental consent and with the clear understanding that no liability attaches to the school. Such arrangements should not be implemented as an alternative to public or school organized transport. Further, guidelines should be strictly supervised.*
4. *Public transport or hire bus must always be available to all students for school activities.*
5. *Claims arising out of accident or injury in a private vehicle would be dependent upon the owner's insurance and on the application of common law principles.*

Guidelines

1. *Principals should advise parents and students that schools accept no liability for damage to vehicles on school property; that drivers park on school property at their own risk.*
2. *Schools should require all drivers and passengers to register on an information sheet, devised by the school, which is not a legal document but which enables accurate identification of owners/drivers/passengers should this be necessary during the school day and which establishes parental permission to be a driver/passenger.*
3. *Schools decide whether a particular parking area is established for students.*
4. *Schools decide when and if students are permitted to go to their cars during the school day, taking into account the adequacy of supervision.*

5. *Drivers should be warned that failure to observe all aspects of school and road safety rules could result in their not being permitted to bring their vehicles onto school property.*
6. *All students holding a driver's licence should be encouraged to complete a defensive driving course.*

Bathrooms and Toilets – Star of the Sea Catholic Primary School has a range of protocols in place. Students in Prep have toilets attached to their classrooms and use them during the day. During class time students in Years 1-5 go with a ‘buddy’ to the toilet. Toilets are located in an area where these classroom teachers have a visual of who is going in and out of the toilet. Year 6 students have their own toilets that they can use, attached to the Year 6 classrooms. During eating times, the students ask the teacher on duty if they can go to the toilet. The teacher on duty monitors these students going in and coming out of the toilet.

In an event that a staff member must enter the toilets, he/she will call out if anyone is in there before entering the toilets. If someone is in there, they will wait until that person leaves the toilet before entering.

Student Protection Training

BCE's [Student Protection Processes](#) are readily accessible to parents, students and staff at Star of the Sea Catholic Primary School and parents, students and staff are made aware of the processes and the process for reporting behaviour of a staff member that a student considers to be inappropriate. The Principal ensures that the 'Recognise React Report' posters are displayed prominently in areas of the school frequented by students.

Training on the Child and Youth Risk Management Strategy

- placing the Child and Youth Risk Management Strategy on the school's website; and
